Next Sunday "In Praise of Interdependence"

Sun, 7/16, 1030-1130a

Interdependence is an obvious facet of every moment of our existence. While one consequence of this is great complexity and possibly stress, there is also great potential for beauty, growth, and harmony. This morning, we will look at some of the many proofs of how we are connected, and explore how we can use those interconnections to make a more beautiful world for us all to inhabit!

Pack-A-Back Drive July 9-23

Give kids the tools they need for school!

This July, UUFLG is again participating in the Pack-A-Back Drive with Sacred Heart Community Service. In July, Sacred Heart Center holds a registration day for parents who cannot afford to buy school supplies for their children. Each year, hundreds of parents line up, some waiting in line overnight, to apply for this assistance.

Their children return in early August to choose their own

backpacks. This year, UUFLG will be filling backpacks for 5th and 6th graders. Beginning July 9, filled backpacks, school supplies from the list below, and cash or checks to purchase supplies will be collected at the fellowship. Shopping lists and a collection box will be in the lobby. Helping to shop for a backpack and supplies can be a great learning opportunity for your children. If you are donating by check, please make the check out to UUFLG, with Pack-A-Back Drive on the memo line. Checks may be placed in the envelope attached to the collection box or given to one of the Social Action Team members listed below. Monetary donations will be used to purchase additional backpacks and supplies; these backpacks will be filled by our RE students on July 30. All backpacks will be delivered to Sacred Heart by August 4. Questions? Contact Jim Beebe (408-315-5066), Sue Ann Lorig (408-827-4304), or Ellen Hill (408-371-5776).

Service "Karma Without Metaphysics"

Sun, 7/23, 1030-1130a – The Vedic traditions, Buddhism, even Christianity and Judaism have all spoken deeply about a universal Law of recompense. But do we need a metaphysical belief system to see the value in understanding "karma", or can it be a principle that fits with a modern, scientific worldview somehow? Today we'll explore a modernists view of the ancient theory of karma, and how we can use this principle to have a happier life, and more peaceful world.
