"A Philosophy of Suffering: From the Perspective of a Hospice Chaplain"

Sun, 10/22, 1030-1130a

This Sunday, our guest speaker is Wes Fornes, a former evangelical pastor who is now a humanist hospice chaplain. Wes is the psychosocial director at a major hospice organization in the area and works everyday with death and dying. He oversees the psychosocial team of chaplains and social workers whose goal is to provide spiritual and emotional support to patients and their families. Wes often speaks in the Bay Area on issues concerning ethics, morality, grief and terror management theory. But the major focus for Wes is helping people understand meaning and purpose in life.

It is not impermanence
that makes us suffer.
What makes us suffer is wanting
things to be permanent,
when they are not.

Thich Nhat Hanh.

Join us for our quarterly evening to discuss the principles and sources, which make up the backbone of the Unitarian Universalist tradition. This class is designed especially for those who may be checking out UUism or our Fellowship for the first time, but it is also quite a good opportunity for those who want to refresh, renew and explore their relationship with our 7 Principles. 6:30-7 pm, mingle and nosh. No cost.

Smile Real Purty - Photos for 2018 UUFLG Directory

Sun, 10/22 & 11/5, Noon, Parking Lot
(weather permitting)

Our resident videographer and photographer, Harry Campbell, will gladly take your picture for new or updated entries to next year's Fellowship directory of members and friends, which will contain everyone's contact information. All you need to wear is your beautiful smile... er, wait... since we're not a clothing optional organization, please also wear clothes, but you get the idea. And none to worry, if you miss this one, Harry will hold another photo session Sunday, 11/5 - same time, same Bat Channel. Cheers!

Service "Dia De Los Muertos - Meditations on Impermanence"

Sun, 10/29, 1030-1130a

In the first part of our service this morning, during the Time For All Ages, we will construct our Altar for Dia De Los Muertos - congregants are invited to bring photos of passed family members or friends to receive the thoughts, prayers and respect of the community.

The sermon will explore the idea of meditating on "impermanence" as promoted by many religious traditions of the ancient world. We'll look into how to make this type of contemplation fruitful for living a more beautiful and caring life - rather than something that glooms you out! Join us to study one of the most profound contemplative methods of the ancients for increasing calm and resiliency in the mind!
