"Empowering the Peaceful Warrior", August 4, 10:30-11:30 am

The beginning of August marks the ancient festival of Lammas, where the power of the solar warrior was honored. On our planet at this time, we need warriors more than ever before. But not just any kind of warrior will do. We need openhearted warriors of peace and regeneration to fearlessly brave the wilderness and help us repair our planet and communities. This morning, we'll explore how to empower this warrior within so that we each may stride forth bravely and with an open heart. –Rev. Fa Jun
