Why the Revolution Needs Permaculture Cities

Permaculture refers to a form of sustainable agriculture designed on natural principles to increase yield and environmental harmony. Join us for the last "Why the Revolution..." sermon of the year when we'll explore holistic systems, nodes, and links and learn how they can support personal and social resilience in times of great change. –Rev. Fa Jun, Minister

Although congregants will not attend a service at the Fellowship, it will be streamed via Zoom for remote participation. [Click here for access information to the Zoom webcast/phone-in.](#)

Children & Youth Religious Exploration (CYRE) classes are canceled until congregants resume attendance of Sunday Services at the Fellowship. Stay tuned for emails and Facebook posts from a UU perspective relevant to children and their caregivers sheltering in place.

Please share this with anyone who may not be online to learn about this change.

zoom

Beginner Basics

Since we're using Zoom to connect via online video and conference call for services, small groups, and committee meetings while we keep our distance from each other, we created a webpage called [Zoom Basics](#) with links to quick videos on how to use Zoom, including signup, application download, joining a meeting, using chat, and video and sound setup and control during a meeting. Links for this page are under the Administration menu and on the right column of uuflg.org.

New

Email Dedicated to Joys & Concerns

The Sunday Services Committee is providing another option for sharing joys and concerns during online services. In addition to speaking and using Zoom chat, congregants may choose to send an email to joysandconcerns@uuflg.org ahead of time. A concise, brief sharing is appreciated in consideration of time. Also, we suggest sending it at least an hour ahead of time since email is not instantaneous plus it gives our service associate time to queue up messages to read. Chat and audio are available for spontaneous sharing.

Together We Can

Annual Giving

Do you hold dear the support of beloved community during this time of disruption? Despite challenges, do you feel we are still empowered to make a positive difference? In the midst of uncertainty, are you grounded in the inherent worth and dignity of every being?

With our Fellowship rental income disrupted, we may understand more clearly how each pledge by members and friends is vital to sustaining our community. Money is seldom an easy-breezy topic, but when we think of all the ways we spend our money, pledging to our Fellowship might be a bright spot – a good investment in our humanity.

Won't you let our Finance Committee hear from you this month? A pledge now will be payable between July 1, 2020, and June 30, 2021.

You can submit this short online [pledge form](#), send an email to our treasurer Rick Roberts at rickrob095@gmail.com, or mail a pledge card to the Fellowship at 15980 Blossom Hill Rd., Los Gatos, CA 95032.

Heartfelt thanks if you have already pledged to support our Fellowship. If you have not yet pledged, March is the time to do so as our giving campaign wraps up.

Together we can live with open minds, loving hearts, and serving hands.

The Wisdom of a Fool

Master Yoda famously said, "You must unlearn what you have learned." In doing so, he echoed the teachings of many spiritual masters down through the centuries. But is there any *real* benefit in letting go of what we think we know?

Join us this morning in an exploration of research, philosophy, and personal experiences

that inspire in us the type of wonder and curiosity that can only come from letting go of what we think we know. –Rev. Fa Jun, Minister
