The Wisdom of a Fool

Master Yoda famously said, "You must unlearn what you have learned." In doing so, he echoed the teachings of many spiritual masters down through the centuries. But is there any real benefit in letting go of what we think we know?

Join us this morning in an exploration of research, philosophy, and personal experiences that inspire in us the type of wonder and curiosity only available when we let go of what we think we know. –Rev. Fa Jun, Minister

Although congregants will not attend a service at the Fellowship, it will be streamed via Zoom for remote participation.

Children & Youth Religious Exploration (CYRE) classes are canceled until congregants resume attendance of Sunday Services at the Fellowship. Continue to look for emails and Facebook posts from a UU perspective relevant to children and their caregivers sheltering in place.

The Trickster, Crazy Wisdom & Jesus of Nazareth

One could say that Jesus of Nazareth was many things, but "conventional" isn't one of them. In the context of wisdom traditions around the world, being transgressive, contrary, or surprising is sometimes the mark of a highly mature being. This Easter, join us online to explore the mythology of the holy trickster and to gain inspiration through reading the life of Christ through this lens. –Rev. Fa Jun, Minister
